

# First Aid Burn Dressing Pack

Catalog Number: 01512

**For First-Aid Treatment**

of 1<sup>st</sup> and 2<sup>nd</sup> degree burns up to size 12X12cm.

## The Sterile Peelable Pack Contains:

1. Instructions and illustrations for method of use.
2. Sterile distilled water to pour over the burn (Scissors not required).
3. *Silvalpad*<sup>TM</sup> - silver coated antiseptic pad (12.5 x 12.5 cm) (Silver ions in the pad material assist in preventing development of micro-organisms in the wound.)
4. "Cold Pack" for placing over the *Silvalpad*<sup>TM</sup> to cool the wound. (Immediate cooling of the burn is very important).
5. Gauze/Cotton-wool dressing pad to cover the "cold pack" thus ensuring continued cooling of the burn.
6. Means of securing dressings: -
  - Tubular elastic net bandage to secure bandage on arms/legs.
  - Adhesive tapes to secure the dressings on other body parts.
